

# Home School Environmental Education Workshop and Festival

**KACEE**  
KANSAS ASSOCIATION FOR  
CONSERVATION &  
ENVIRONMENTAL  
EDUCATION

Hillsdale Water Quality Project and Kansas Association for Conservation and Environmental Education invite you to participate in the “Home School Environmental Education Workshop and Festival.”

- \* The morning session will provide a mini water festival for students, while the parents learn educational activities from Project WILD Aquatic and Project Learning Tree: Environmental Experiences for Early Childhood, to explore ways they can be incorporated into a home school curriculum.
- \* The afternoon will be spent engaging your students in our natural world and the waters around them with the activities you learn!

Every adult registrant will receive two curriculum guides with hundreds of environmental education activities to involve pre-K through grade 12 students in water, sciences and natural resources.

## **What are Project WILD Aquatic and Project Learning Tree: Environmental Experiences for Early Childhood?**

***Project WILD Aquatic is an exciting water education program which focuses on the fascinating world of water and the life it supports. Fun activities included in this guide are: “Migration Headache”, “Turtle Hurdles” and “Marsh Munchers”.***

***Project Learning Tree: Environmental Experiences for Early Childhood was developed for children ages 3-6. Spark young children’s curiosity about the world around them with exciting hands-on activities from the newly released activity guide developed for early childhood environmental education. Explore activities designed to engage young children in outdoor exploration and play, and discover new ways to integrate investigations of nature with art, literature, math, music and movement.***

**Who:** Home school educators and students of participating educators. School-aged children (ages 3 and older) will be engaged in a mini water festival while educators learn quality teaching materials for use in homeschooling curriculum.

**When:** Thursday, October 28, 2010 from 9 a.m. to 3 p.m.

**Cost:** Adult registration is only \$35 each and includes books, materials, lunch and refreshments. Youth participation is FREE! Registration deadline is Thursday, October 21, 2010. Register early—space is limited! Due to limited space, the registration fee is non-refundable.

**Where:** Spring Hill Civic Center, 401 N. Madison St., Spring Hill Kansas

*This educational training is possible through a Johnson County Stormwater Management Advisory Council Education Outreach Grant awarded to Hillsdale Water Quality Project and administered by Johnson County Stormwater Management Program .*
